Dear Sir,

Upon examination of our new Catalogue for the Fall of 1881, you will find a number of New Styles and Designs in WALNUT VISIBLE PENDULUM, one and eight day, BLACK ENAMELED WOOD, EBONY and GOLD, and a fine line of IRON ENAMELED CLOCKS, in imitation of the French, to which we respectfully call your attention. Our 8th striking movement has all the improvements, such as the Turn-back Attachment, Polished Pinions, &c., and is fully equal to the best in the market.

Rosette Ball, patented Dec. 11th, 1877.

Mosaic, patented May 30th & June 6th, 1871.

Every Clock, before it leaves our Factory, is run and thoroughly tested, and, with proper usage, is warranted a correct time-keeper. We shall continue, as we have in the past, to produce Clocks that, quality considered, are the cheapest in the market.

Yours, Respectfully,
